

Narkanda Snow Drive

Itinerary

DAY 1 : NARKANDA

Arrival at Narkanda. Our team at Tethys Resort, Narkanda will welcome you. Freshen up and unwind in the cozy rooms of Tethys Resort and soak yourself in the beauty of deodar forest and apple orchards.

Narkanda is about 6 hours' drive (185 km) from Chandigarh airport. Followed by briefing and drinks, cozy up around flickering flames and the fragrance of the bonfire wood logs. We call it a day after dinner.

DAY 2 : NARKANDA – SARA MEADOW

After breakfast, we leave for Sara Meadow. We will experience the snow drive in the shadow of tall, snow-covered pine trees, and enjoy getting stuck in the snow. The area is remote, which makes you feel connected to nature. After reaching Sara Meadow, you will feel a gush of freshness coming from the mountains covered in fresh snow. You will feel like not coming back.

A day filled with thrill and adventure comes to an end as we head back on the same road to reach the hotel by evening. Upon reaching back at the resort, tea and snacks are served by the bonfire, followed by a delicious dinner. Next day, we explore a new road, a new location lost in the remoteness of the snowy hills.

DAY 3: BAGI

This day is going to be special and challenging. After breakfast, we drive on Bagi road. Yesterday's drive was just a teaser; today we put our off-road driving skills to test. We will enjoy cars dragging in the opposite direction as we maneuver curves on the narrow road.

We march ahead as tires get stuck in the snow, and mud flaps and car doors are covered with snow and mud. Of course, you are not on your own - our lead car and backup team stand guard all the time while our convoy moves ahead on the snowy trail.

By dusk, we move back on the same road to reach the hotel to enjoy a hot and delicious dinner. We have food, drink to the adventure and share our experiences of driving in snow. This is how we call it a day and cozy up in the warm bed and drift away in the dreamland of adventure.

DAY 4 : DEPARTURE

Finally, the day has come when we say goodbye to our friends and beautiful landscapes that accompanied us these days and treated us well. It feels as if our trip started just yesterday. We take home good memories and adventure tales from this off-roading experience of our lifetime.
